Three civil rights organizations here yesterday pledged support of residents displaced by the proposed University City Science Center in West Philadelphia.

Representatives of the Philadelphia chapters of the National Association for the Advancement of Colored People, Congress of Racial Equality and Student Nonviolent Coordinating Committee, met in CORE headquarters at 3615 Market st.

They said they would block by lawsuit or "street action" any attempt to compromise original plans to set aside 7.6 acres for housing for 900 families to be displaced.

The area is bounded by 36th, 37th, and Filbert sts., and Lancaster av.

The school board recently announced plans to take most of the 7.6 acres for a science high school.

During the session yesterday Lenerte Roberts, of the NAACP, said his group has asked the U.S. Secretary of Housing and Urban Development to withhold federal funds from the Redevelopment Authority here and conduct an investigation into their practices.
